

**Indian Springs Elementary School**  
**School Accountability Report Card**  
**Reported Using Data from the 2019-2020 School Year**  
**Published During 2020-2021**

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **California School Dashboard**

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

### School Description and Mission Statement (School Year 2020-2021)

Indian Springs School is located in the Cascade Mountains of Northern California in a remote and isolated part of Shasta County, 36 miles east of Redding and an additional 17 miles north of Route 299, in the community of Big Bend. The local elevation of 1,800 feet ensures a moderate range of annual temperatures. Over a period of time dating back to the 1860's, the potential for hydro-power production was recognized along the

Pit River. As a result of this resource, PG&E constructed a series of power plants utilizing the water resources of our area. These projects are among the largest in the State of California and represent a major contribution to the tax-base that funds our District. Over the past several years, deregulation of the power industry has turned into depreciation of the hydro plants along our rivers. This has caused a major decline in the revenue base for the Indian Springs School District.

Indian Springs is currently a two-teacher and one paraprofessional, one-school District, pre-kindergarten through eighth grade. The

Big Bend area has a population base of around 200 residents throughout the year, with that figure rising during the summer vacation season. The school is the main source of pride and spirit for the community at large.

Indian Springs is a small, very rural school. This allows for targeted instruction at each student's ability level, with individualized learning goals for each child based on the new California State Standards.

The school has a homey atmosphere with a school kitchen known to create and serve delicious gourmet meals.

The school enjoys great community participation at school-sponsored events and has very active parent involvement.

#### Mission Statement

To continually provide imaginative and creative teaching methods to develop the fullest potential in each student in the academic, cultural/social, and physical dimensions by a responsible and caring staff.

The Indian Springs school staff is committed to:

- A. A caring learning environment
- B. Active student involvement in learning
- C. Standards-based curriculum that involves critical thinking, the use of technology, and core literature
- D. Support for student citizenship/character development
- E. Support for parent/community relationships
- F. Performance based/authentic assessment, focusing on student outcomes
- G. Professional development to enhance subject content knowledge for both teachers and paraprofessionals

Indian Springs students believe:

- A. I am capable.
- B. I contribute in meaningful ways and I am genuinely needed.
- C. I can influence what happens to me.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in ELA and Mathematics for All Students

Mathematics (grades 3-8 and 11)		N/A		N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## C. Engagement

#### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

#### Opportunities for Parental Involvement (School Year 2020-2021)

Parents are encouraged and motivated to participate in activities in the school. Beginning with Back-to-School Night held annually, parents are warmly invited and encouraged to be a part of the school. These activities have been put on hold during the current COVID-10 conditions.

Parents and school staff participate in the School Site Council (SSC) And the District Advisory Committee for the Local Control Accountability Plan (LCAP). We have an after school program called SHARE where parents are invited to participate and help with activities. Volunteer parents supplement regular instruction by offering instruction in their hobbies, professions, and avocations as part of the Spring Enrichment program offerings. These activities have been put on hold during the current COVID-10 conditions.

For more information on how to become involved, please contact Administrative Assistant Jamie Stenland at (530) 337-6219 or [jstenlund@indianspringsesd.org](mailto:jstenlund@indianspringsesd.org).

Each school year parents and other stake holders participate in the annual review and development of the LCAP.

## State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

Rate	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
Suspensions	0.0	0.0	0.0	0.0	3.5	3.5
Expulsions	0.0	0.0	0.0	0.0	0.1	0.1

### Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.0	0.0	2.5
Expulsions	0.0	0.0	0.1

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

### School Safety Plan (School Year 2020-2021)

The School Safety Plan was last reviewed and discussed with the school faculty September 2020. The revision was complete September 2020 and includes input from The Shasta County Sheriff's Department.

The School Safety Plan is designed to protect the physical safety of all students and adults on the school site at all times. All school attendees regularly practice drills and practices for fire, intruder, and meteorological crises. The office and classroom staff regularly review emergency practices and discuss appropriate responses to various emergency scenarios.

Staff members are regularly trained in first aid and CPR activities. All staff is regularly trained in appropriate playground practices and how to prevent student aggression and potential violence.

A "buzz in" system have been installed at the school site with a camera and intercom. During the school day the secretary screens and allows entry to individuals that have a reason to enter. After school the teacher for the after school program takes over that task.

During the Current CODID-19 situation the school is following the guidelines established by the Shasta County Health Department. See our reopening plans for further details.

Title three and REAP funds are used to maintain the small class size. A Resource Teacher works work with any student that has an IEP. She also is a resource for the instructional staff. Regular assessments are given three times per year to measure student growth and drive each students individual learning plan. Teachers and paraprofessional work closely with students to help and support learning. Staff members participate in professional development on a regular basis. There is an active Professional Learning Community (PLC) at the site.
