2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Indian Springs School is located in the Cascade Mountains of Northern California in a remote and isolated part of Shasta County, 36 miles east of Redding and an additional 17 miles north of Route 299, in the community of Big Bend. The local elevation of 1,800 feet ensures a moderate range of annual temperatures. Over a period of time dating back to the 1860's, the potential for hydro-power production was recognized along the

Pit River. As a result of this resource, PG&E constructed a series of power plants utilizing the water resources of our area. These projects are among the largest in the State of California and represent a major contribution to the tax-base that funds our District. Over the past several years, deregulation of the power industry has turned into depreciation of the hydro plants along our rivers. This has caused a major decline in the revenue base for the Indian Springs School District.

Indian Springs is currently a one-teacher and one paraprofessional, one-school District, pre-kindergarten through eighth grade. The

Big Bend area has a population base of around 200 residents throughout the year, with that figure rising during the summer vacation season. The school is the main source of pride and spirit for the community at large.

Indian Springs is a small, very rural school. This allows for targeted instruction at each student's ability level, with individualized learning goals for each child based on the new California State Standards.

The school has a homey atmosphere with a school kitchen known to create and serve delicious gourmet meals.

The school enjoys great community participation at school-sponsored events and has very active parent involvement. Mission Statement

To continually provide imaginative and creative teaching methods to develop the fullest potential in each student in the academic, cultural/social, and physical dimensions by a responsible and caring staff.

The Indian Springs school staff is committed to:

- A. A caring learning environment
- B. Active student involvement in learning
- C. Standards-based curriculum that involves critical thinking, the use of technology, and core literature
- D. Support for student citizenship/character development
- E. Support for parent/community relationships

2021-22 School Overview

- F. Performance based/authentic assessment, focusing on student outcomes
 - G. Professional development to enhance subject content knowledge for both teachers and paraprofessionals
- Indian Springs students believe:
- A. I am capable.
 - B. I contribute in meaningful ways and I am genuinely needed.
 - C. I can influence what happens to me.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Grade 5	N/A	N/A	N/A
Grade 7	N/A	N/A	N/A
Grade 9	N/A	N/A	N/A

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parents are encouraged and motivated to participate in activities in the school. Beginning with Back-to-School Night held annually, parents are warmly invited and encouraged to be a part of the school. These activities have been put on hold during the current COVID-10 conditions.

Parents and school staff participate in the School Site Council (SSC) And the District Advisory Committee for the Local Control Accountability Plan (LCAP). We have an after school program called SHARE where parents are invited to participate and help with activities. Volunteer parents supplement regular instruction by offering instruction in their hobbies, professions, and avocations as part of the Spring Enrichment program offerings. These activities have been put on hold during the current COVID-10 conditions.

For more information on how to become involved, please contact Administrative Assistant Jamie Stenland at (530) 337-6219 or jstenlund@indianspringsesd.org. Each school year parents and other stake holders participate in the annual review and development of the LCAP.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

The School Safety Plan was last reviewed and discussed with the school faculty September 2020. The revision was complete September 2020 and includes input from The Shasta County Sheriff's Department.

The School Safety Plan is designed to protect the physical safety of all students and adults on the school site at all times. All school attendees regularly practice drills and practices for fire, intruder, and meteorological crises. The office and classroom staff regularly review emergency practices and discuss appropriate responses to various emergency scenarios.

Staff members are regularly trained in first aid and CPR activities. All staff is regularly trained in appropriate playground practices and how to prevent student aggression and potential violence.

A "buzz in" system have been installed at the school site with a camera and intercom. During the school day the administrative assistant screens and allows entry to individuals that have a reason to enter. After school the teacher for the after school program takes over that task.

During the Current CODID-19 situation the school is following the guidelines established by the Shasta County Health Department. See our reopening plans for further details.

2020-21 Types of Services Funded

Small class size is the reality at Indian Springs School. Enrollment during the 19-20 year enrollment hovered around 15 students. The students were taught by two fully credentialed teachers assisted by one paraprofessional (6.25 hours per day). Students can't get lost with that ratio of one adult for every 3.25 students. Title three and REAP funds are used to maintain the small class size. A Resource Teacher works work with any student that has an IEP. She also is a resource for the instructional staff. Regular assessments are given three times per year to measure student growth and drive each students individual learning plan. Teachers and paraprofessional work closely with students to help and support learning. Staff members participate in professional development on a regular basis. There is an active Professional Learning Community (PLC) at the site.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
