## Independent Study Notification

For the 2021-22 School Year

To comply with the requirements of Assembly Bill 130, the following notification is provided to parents and guardians.

It is the desire of Indian Springs Elementary School District to have all students regularly attend school with in-person (teacher taught) instruction. However, based on AB 130, the district is informing all parents/guardians of their right to enroll their child in an Independent Study program as an alternative to in-person instruction.

If a parent/guardian requests the Independent Study option, they have a right to a parent-teacher conference prior to enrollment to help make your decision. This will include an explanation of the process for enrolling, disenrolling, and re-enrolling students in Independent Study. Students enrolled in long term Independent Study will comply with the written agreement and requirements. Failure to meet the requirements of the Independent Study Program will result in the student being reassigned to in-person instruction in the Indian Springs Elementary School District.

For more information, contact the ISSD office at (530) 337-6219.
